

Department of Mathematics and Statistics

Undergraduate Program 2018

For a MATH major (BSc/BA) you need MATH 160,170, 201, 202, 203, STAT 110/115, and four 300-level MATH or COMO papers.

For a STAT major (BSc/BA) you need MATH 160, 170, 202/203, STAT 110/115, 261, 362, 380, two further STAT papers at 200-level and above and two further STAT papers at 300-level.

For an Applied STAT major (BAppSci) you need MATH 160, 170, STAT 110/115, 241, 341, 380 two further STAT papers at 200-level and above and two further STAT papers at 300-level.

See <http://www.maths.otago.ac.nz/?whichmath> for help deciding which 100-level paper to take. For any further advice or information on these programs contact the department advisors: Joerg Hennig (100-level MATH), David Bryant (200-300 level MATH & COMO), Tilman Davies (100-level STAT) and Ting Wang (200-300 level STAT).
